SUMMARY

Industrial Engineer currently pursuing a Master's in Data Science and Engineering, and a graduate certificate in Engineering Applications of Artificial Intelligence. Background in Web Development and Machine Learning, with over 5 years of professional experience at Accenture, Liliana, and the University of Maine.

EDUCATION

Degrees:
Master of Science in Data Science and Engineering – *University of Maine, USA. (2025 – Present)*
Graduate Certificate in Engineering Applications of AI – *University of Maine, USA. (2025 – Present)*
Industrial Engineer – *Universidad Nacional de Rosario, Argentina. (2014 – 2022)*
Technical Skills:
Frontend: *TypeScript*, *React*, *Next.js*, *TanStack Query*, *Zustand*, *Tailwind CSS*, *Sass*.
Backend: *Node.js*, *NestJS*, *Express*, *AWS*, *MongoDB*, *MySQL*, *Zod*, *Git*.
Data Science & Deep Learning: *Python*, *Pandas*, *NumPy*, *PyTorch*, *Power BI*.
Languages:
Spanish: Native Speaker
English: Fluent Speaker. TOEFL iBT, Cambridge First Certificate in English.
German: Basic. 3 years studying at Universidad Nacional de Rosario

WORK EXPERIENCE

Teaching Assistant, University of Maine, Department of Mathematics. (Sep 2025 – Present):
Performed recitations, grading, lecture support, and Math Lab office hours across the following classes: Calculus III, Differential Equations and Linear Algebra, and Precalculus.

Senior Web Development Engineer, Accenture. (Dec 2022 – Agu 2025):
Assigned to "Banco Galicia", major bank and the main Accenture client in Argentina.
Worked in an Agile Team, responsible for building and maintaining critical web applications that support the bank's day-to-day operations.
Developed both frontend and Backend For Frontend (BFF) using Next.js and NestJS, following the microservice architecture.

Industrial Engineer, Liliana Electrodomesticos company. (Jun 2021 – Dec 2022):
Planned and coordinated the tactical production activities.
Built an internal web application used for daily manufacturing operations.
Mentoring and supervising two junior internship developers who collaborate with the app.
Automated processes and data management, programming in Visual Basics for Applications (VBA).

Intern for the Municipality of Rosario. (Mar 2019 - Oct 2020)

Intern at the engineering consulting company "Goldvarg Ingeniería". (Nov 2017 - Mar 2018)

Volunteer in the non-governmental organization "TECHO". (Mar 2018 - Oct 2022)
